

# 10 facts about cleaning that will blow your mind

Picture yourself cleaning your home for 2 years. Hard to imagine? Well, the average Brit spends that much time doing household chores during their lifetime. Here are 10 more strange but true facts about cleaning.

## 1. Kitchen sinks contain more germs than toilet seats

Yep, your kitchen sink is a breeding ground for germs. Thank goodness for the Thane H2O e3. With just salt and electrolysed water, it disinfects any surface you choose.

## 2. Germs can live on surfaces for 3 days

Thank goodness for Thane and the H2O eActivator. Not only does it keep your surfaces clean, the powerful antioxidant it creates kills 99.9% of germs, too.

## 3. Over half of people don't use soap when washing hands at public toilets

Thank goodness for Thane's H2O steam cleaner. Try the H2O HD and you can blast away bathroom scum.

## 4. Most carpet stains can be removed if cleaned as soon as possible

Spilling something on the carpet feels like a disaster. So thank goodness for your Thane H2O steam cleaner. It'll lift stains right out without damaging the fibres.

## 5. You can wash your kitchen floors with mouthwash

It's true...but would you really want to? Thank goodness for the Thane H2O HD. With its wide-angle head it makes light work of keeping your kitchen floor clean. So, you can pop your mouthwash back where it belongs...in the bathroom.

## 6. Antibacterial cleaners need a good 60 seconds to kill germs

Who's got time for that? Thank goodness for the Thane H2O eActivator. Kills germs, kills viruses and neutralises odours instantly.

## 7. Dust is mostly dead skin!

...dead skin and dust mites, to be precise. Thank goodness for the Thane H2O HD. With its microfibre floor wipe it picks up dust and washes surfaces at the same time.

## 8. Your washing-up sponge is swarming with bacteria

Thanks goodness for the Thane e3, which kills bacteria - even viruses - using nothing more than table salt and tap water.

## 9. Doorknobs get really grubby

...especially when the people using them haven't washed their hands! Thank goodness the Thane H2O HD comes with special nozzles that let you clean your doorknobs with concentrated steam.

## 10. Sparkling water gets stains out of carpets

But fizzy water is for drinking not cleaning! So thank goodness for Thane's H2O HD which will bring your carpets back to life fast.
